Class Dojo

Dear Parents and Carers,

ClassDojo has been a wonderful tool for us to share updates, photos, and important information with you about what is happening in school. We know how much families enjoy seeing the children's learning experiences and being kept up to date in this way.

However, it has come to my attention that the chat facility is not always being used appropriately. While it is intended for quick, respectful communication, some messages being sent are placing unnecessary pressure on staff and affecting their well-being.

Please remember that my staff are dedicated professionals who work hard to support your children every day. They must be treated with courtesy and respect at all times. If concerns need to be raised, I kindly ask that these are addressed through the proper channels, such as contacting the school office.

If the misuse of the chat function continues, I will unfortunately have no choice but to disable it, as the well-being of my staff must remain a priority.

We value our partnership with you and appreciate your support in ensuring ClassDojo continues to be a positive platform for celebrating learning and sharing information.

Thank you for your understanding and cooperation.

Yours sincerely

Mrs Sarah Netto
Headteacher

Shipham C of E First School
